

screen_share is an event for artists making screen-based work of any kind to come together, share new work and talk about it in a friendly and informal environment.

Hosted by Phoenix, the event is open to artists in the East Midlands working across a range of media, including experimental film, animation, artists' moving image, interactives and games.

screen_share takes a show and tell format, providing the opportunity for artists to discuss new ideas with a community of like-minded practitioners and audiences.

Our fourth **screen_share** will be held on **Thu 24 Jun, from 7pm**, and we invite you to put forward artwork to be shown at the event. We hope to be able to host the event in a physical location, but if this isn't possible will livestream as before. We will confirm details of this closer to the event.

We aim to include all submissions that fit the criteria below, and ask that you join us to introduce your work. The event is open to everyone to attend, whether you're a participating artist or just curious to see the pieces being shown.

Submissions can be made by filling out the form below.

Terms:

- The deadline for submissions is **Midnight on Wed 16 Jun.**
- All forms of screen based, moving image and interactive works accepted.
- Submitted work can be any length (although it might not be possible to show longer works in full during the livestream).
- For interactive pieces, we'll work with you on the best way to present it on the livestream.
- You must be available to join the event to present your work.
- Submitted work should be recent, ideally from no earlier than 2020.
- There is an 18+ age limit on participation in this event.
- All participants must abide by our [code of conduct](#).
