ABOUT PHOENIX

Phoenix is Leicester's centre for independent cinema, art and digital culture. We are a charity and all our earnings go back into developing our creative programme. We believe film and art have the power to enhance lives, and aim to make Phoenix a place where everyone can feel welcome and inspired

OUR MENU

All our food is freshly prepared and cooked to order. We aim to deliver meals as quickly as possible but wait times can increase at busy times. We work with suppliers in the area and source ingredients locally as far as possible. With the help of our gardening volunteers, we also grow our own salad and vegetables in our garden

Phoenix offers rooms to hire for meetings and events, and our Café Bar offers catering for these and other private functions.
